AKARSH MASHAL

Bangaluru | +91-9742671446| mashalakarsh@gmail.com
|https://www.linkedin.com/in/akarsh-mashal-168674246/

TECHNICAL SKILLS

- Java(oops)
- Collection Frame Work
- SQL
- HTML|CSS
- Javascript
- Manual Testing

Education

BLDEA's VP Dr.PG Halkatti College Of Enginering, Vijayapur   jul 2017 - Aug2022
- Bachelors Of Engineering
- InformationScience And Engineering

RKM PU science College Vijayapur   Jul 2016 - Jul 2017
- Science
- P.C.M.B

PDJ High School in Vijayapur   Apr 2014 - Apr 2015
- S.S.LC

INTERNSHIP

Web Developer | Sachi Soft Solutions   Aug2021 - Nov2021

- The Project **Apartment Visitor Management system** is a web-based technology that will revolutionize the way your society manages visitors and provide visitor pass to them.
- The visitor Management system is more important to security guards or security society.
- This web application provides a way to effectively control records & track society visitor traffic.

Academic project

Multiple Object Detection Using YOLO

- Spearheaded the development and deployment of an advanced object detection system utilizing the YOLO (You Only Look Once) algorithm.
- Transformed object detection methodology into a streamlined regression process, significantly enhancing both speed and accuracy.
- Simplified the workflow by simultaneously predicting multiple bounding boxes and class probabilities, eliminating the need for complex pipelines.
- Demonstrated remarkable versatility in object recognition across diverse domains, surpassing conventional detection techniques.

Courses

- Java Full Stack at Jspiders in Bengaluru   Sep2022 - Mar2022
- Software Testing at Pentagon Space in Bengaluru   Feb2023-Present

Tools

- Eclipse   • Visual Studio Code

Languages

- English   • Kannada   • Hindi
